Sudarshan Chakra

Sudarshan Chakra indicates the cumulative influence of benefic and malefic planets as reckoned from :
(i) the Ascendant, (ii) the Moon and (iii) the Sun at a glance. This also pinpoints the corresponding age-periods during which those influences will operate.

If the influences are of natural benefic planets (Jupiter, Venus, Mercury, Waxing Moon) only, then the whole year will be enjoyable and auspicious events will take place.

If the influences are of natural malefic planets (Mars, Saturn, Rahu, Ketu, Sun, Waning Moon) only, then the year might be problematic and inauspicious happenings are likely to take place.

General Predictions Related to Native

General Characteristics :-

Your Ascendant falls in sign Capricorn. This sign has been classified as an earthy, cardinal (movable or acute), tropical sign. Certain other natural qualitative characteristics have also been attributed to it: this sign is feminine, bestial, indifferent and violent by nature.

For being born in this Ascendant, you will be endowed with a subtle mind, changeable mood, witty nature, and melancholic disposition; but you will be somewhat selfish, quite willful, and very stubborn, having a strong sense of purpose, and will be really forceful in action. You will be highly ambitious, and have an inborn desire of dominating over others. You will be adaptable and will be able to adjust yourself in every condition. You will be expert in various branches of knowledge.

You will have a very good understanding of business and will be able to judge all the pros and cons of a business before you set it up. By nature, you will be reserved, quiet and reclusive; but at the same time you are likely to be very tactful and capricious as well. You will have an uncanny ability to detect the weakest spots in your adversary's defense and will be ready for making prompt use of these efficiently by utilizing any opportunity that comes your way. By dint of these qualities, you will be able to surpass all your contemporaries - even if some of them appear to be brighter at the outset.

You will have a profound interest in literature, philosophy and science. Although you may not be an embodiment of virtues, yet you will win admiration from many friends and well wishing people; besides, you will have many devoted followers.

Mental Characteristics :-

In your chart, the Moon is situated in sign Scorpio - which is ruled by Mars, and symbolized by a poisonous insect ready to sting! It is a fixed, negative, and watery sign; the Moon becomes debilitated here. You will be a highly energetic person with a forceful nature - having indomitable courage, and gifted with much endurance. You will be endowed with a high ambition and strong spirit of conquest. In strife, you will be dauntless and implacable, having absolutely no regard to the danger of defeat or facing reversal. You will be replete with leadership qualities and masterful manners. You will be in fortunate and comfortable circumstances, and may secure a commanding position, and you are likely to have many devoted and faithful employees or followers.

If Moon exerts malefic influence, then you may become proud and haughty, and acquire a tyrannical disposition, and may even resort to extremely cruel means for achieving your objectives. But, If Moon exerts benefic influence instead; it will make your mind fruitful - as your passions will turn devotional.

You can look forward to attaining a higher spiritual level by judicious utilization of your superior qualities. However, your passion could be very volatile and strong as well - if it is not bridled in time, then it may even lead to dire consequences or even total disaster - as there are chances that you may become very impulsive, and get entangled into strange love-affairs.

The Moon in Scorpio will impart in you a self-reliant attitude and determined nature. You will be able to defend your interests independently. You will be very unassuming, plain spoken, and sometimes can abruptly frown for cutting a long story short. For being conservative by nature and averse to forced changes, you may at times refuse to mend your ways or change your views; for this, some people may brand you as obstinate.

Physical Appearance :-

You are likely to have a dry and somewhat lean constitution with a relatively short stature - but some features may gain prominence; like: an inwardly bent nose, firm lips, narrow chin, thin neck, small earlobes, and weak knees.

Qualities :-

Your attitude will be philanthropic and sympathetic. You will be a good listener and will never hesitate to follow good advice. You will be cool and calm and enduring. You will be very practical, disciplined and trustworthy. You will be creative and your thoughts will be productive.

Negative Traits :-

You may lack self- confidence and will be pessimistic. You may try to show yourself in different ways. You may be shrewd, revengeful and harsh.

Special Characteristics :-

1. You will be practical, rational and resolute.
2. Your memory will be very sharp and you will be interested to learn different quarters of knowledge.

Profession :-

You can become an executive in trade and industry, architect, engineer, builder, planner, surveyor, market analyst. You can excel in business of watery or marine products and agricultural or horticultural stuffs.

Benefic and malefic Planets :-

1. Venus, lord of the 5th and 10th house, is most benefic.
2. Mercury, lord of the 9th house, and Saturn, lord of Ascendant, are benefics.
3. Moon, Mars and Jupiter are malefics.
4. Sun and moon are malefics.

Your earnings and acquisitions will increase, and your domestic life will be peaceful and happy; you will have satisfaction in everything. Your interest in religion and study of sacred classics will also increase. You will meet with pious people and listen to religious discourses. If you are in business, then you will have an advantageous, smooth-running, and gainful period.

However, the situation at your workplace might worsen to some extent; although ordinary people will treat you with due respect, your superiors/ authorities may try to over-shadow you, and let someone else steal the credit rightfully due to you; alternately, you might be unjustly blamed for a little or no fault of your own.
