## General Predictions Related to Native

### General Characteristics :-

Your Ascendant falls in sign Leo. This sign has been classified as a fiery, fixed or grave sign. Certain other natural qualitative characteristics have also been attributed to it: this sign is sterile and bestial by nature.

For being born in this Ascendant, you are likely to be endowed with an impressive appearance and firm disposition; your nature will be proud and fearless - rich in life and feeling. You will be ambitious - fond of pomp and magnanimity; but you will always resent any kind of clique and secrecy. You will be very rude towards your adversaries and determined to destroy them at any cost. You will be very courteous and generous as well; will remain ever optimistic, high-spirited, and oblivious to enmity. ## Important Predictions from Varshphala

Varhphal Years: 31 (2016-2017) Varhphal Date: 21:12:2016, Time: 22:31Hrs

### (Ashtak Chakra, Dhundhiraja Padhati, Varsheshwar and Muntha)

Since the Purva-Bhaga has a remainder while the Uttara-Bhaga does not, you are likely to have a trying period ahead -- more so during the second half of the year. If modifying influence is not present in your chart, then you are likely to face inconveniences owing to blockage of funds or for incurring losses.

In your this year's Varsha-phala chart, the planet Mercury becomes the Varsheshwara.

In your Varsha-phala chart of this year, the Varsheshwara happens to be a natural benefic planet. As a result of this, you will be fortunate: the goings-on during the year will be very smooth, and you will not face any untoward development or sudden fluctuation in your general affairs.

In your Varsha-phala chart of this year, the Varsheshwara happens to be Mercury. If you are engaged in academic- or intellectual- pursuits, you will have excellent progress, and come out in flying colors in examinations and/ or competitions. You will have dawn of prosperity - if your profession has connection with business/ commerce, press/ printing, teaching, consultancy, etc. You will meet with learned persons, and enter into lively discussions with them; you may win appreciation or applause for some of your original writings. Your interest in scientific information, latest technological developments, computer programming, etc and subjects like mathematics, logic, astrology, etc will also increase.

In your Varsha-phala chart of this year, Muntha falls in the 8th-house. This is a very unfavorable position; you should therefore remain very careful and cautious. The period ahead during the year might prove to be very troublesome for you. The incessant activities of your enemies might keep you in perpetual tension. You must not get entangled into any dispute with your superiors and authorities; otherwise, you may run the risk of becoming a victim of their wrath. Your own health may not remain very good, and the deteriorating state of health of your father may cause you some concern. Quarrels and misunderstandings, and heavy wasteful expenditure might make you worried. You may have a few journeys to distant places also; but those are far less likely to bear any fruit.

In your Varsha-phala chart of this year, Muntha-sign falls in the sign of Jupiter. The year ahead is favorable for you. All your endeavors will derive fruits in abundance. You will receive direct favors from your superiors, and indirect benefits from the authorities. You will have good progress in profession, and come in contact with some learned and pious persons. Your religious inclination will

become profound, and you may visit holy places. You may become very fond of children, and they might become a source of joy to you.

## Applicable Tajika Yogas in Varshphala

Varhphal Years: 31 (2016-2017) Varhphal Date: 21:12:2016, Time: 22:31Hrs

In your Varshaphala chart for this year, the Ascendant-lord is involved in close taspect with another planet; between the two, the latter is slower, and the Ascendant-lord is 'applying' to it - i.e., the taspect is approaching to become exact. This is a highly favorable combination; it is termed as Ithashala Yoga in Tajaka-system. It indicates complete fulfillment of desires and realization of the object in view. As the Ascendant-lord is involved in the combination, the accrued beneficial results will surely be substantial or significant. The nature of event to materialize during the year is to be gleamed from the lordship/s and natural significations of the second planet involved in the combination; and the timing of event may coincide with the Patyayini Dasha-period of the Ascendant-lord or of the second planet involved in the combination.

In your Varshaphala chart for this year, a planet (which is not the Ascendant-lord) is involved in close taspect with another planet; between the two, the latter is slower, and the former planet is 'applying' to it - i.e., the taspect is tending to be exact. This is a highly favorable combination; it is termed as Ithashala Yoga in Tajaka-system. It indicates complete fulfillment of desires and realization of the object in view. But as the Ascendant-lord is not involved in the combination, the accrued beneficial results may not be very substantial or significant; alternately, 'indirect' type of results might be obtained. The nature of event - which would materialize during the year is to be gleamed from the lordship/s and natural significations of the two planets involved in the combination; and the timing of event may coincide with the Patyayini Dasha-period of either of the two planets.

In your Varshaphala (Nirayana Solar return) chart of this year, two planets are not involved in Ithashala yoga with each other; but both of them are involved in a combination where a third planet (which is slower than both of them) is involved in Ithashala yoga with both of them - making it a highly favorable one, termed as Yamaya Yoga in Tajaka-system. This indicates some extra-ordinary success in your endeavors and realization of some object in view - with the help of a third person. You will find the circumstances increasingly turning in your favor, and people around you appearing to be more sympathetic and helpful. Some of your long cherished desire might be fulfilled with the active involvement and support of some 'third' party. But As the third planet is the slowest of the three, fulfillment may require quite some time, and As the Ascendant-lord is not involved, the accrued results may not be substantial.

In your Varshaphala chart for this year, a planet is retrograde (or combust), and it has entered into Ithashala yoga with another planet (who is also similarly disposed). This is an unfavorable configuration, termed as Radda Yoga in Tajaka-system. Although usually Ithashala yoga is considered to be very favorable and is indicative of success in endeavors, the undesirable postures of the planets involved have turned it to be quite unfavorable. It is indicative of possible disappointment, as things might go wrong owing to some undesired developments. You should therefore remain careful,

cautious, and on the alert; you should also avoid any kind of convenient measures for fulfilling your objectives - As such things can prove to be quite counter-productive. However, As the Ascendant-lord is not involved in the combination, things may not be anything too bad for you.
