Analysis of Numerological Chart

In your numeroscope, there is triple numerical conjunction in vertical column(s); although it is a sign of strength, stability, and achievement, yet it could be indicative of troubles as well. Since the conjoined numbers are in different planes, they are mutually disapproving of (or even antagonistic to) each other/ one another; as such, they indicate sailing through rough seas. Even if there happens much of progress, the goings-on are not likely to be smooth - although the progress may be achieved by big leaps and bounds. In your numeroscope, the three numbers 1 & 7 & 8 are involved in numerical 'triple' conjunction - in a vertical column. This will make you fortunate in some respects - although you will be troubled by frequent interferences in your affairs.

As the numbers of ambition, popularity and concretion are 'conjoined' together, you are likely to rise to a high position and/ or go far in some field of your own choice; it is a grand combination for foundation, stability, strength and power. However, if some other numbers are there in both or one of the other two columns, then it will impart additional strength to your 'chart', and will make your life balanced and more meaningful. In your numeroscope, the two numbers 2 & 8 are involved in numerical double conjunction - in a horizontal row. This is not a favorable combination - as the delicate and sensitive number 2 (Moon) for being 'conjoined' with the grave and stern number 8 (Saturn) on the sensual plane.

And, if some other numbers are not found in both or one of the other two planes, then it can induce its own restrictive influences, and you may have some imbalance in your life - more particularly in respect of family-life. Unless modifying influences are present in the chart, you are likely to become aggrieved owing to loss of- or separation from- someone dear - probably in early life; besides, your family-life may not be very happy.

Composite Predictions from Sun-Sign and Root Number

General :

Your Sun-Sign is Aries – which is governed by the planet Mars. Your Numeral Category is 3 – which number is governed by the divine planet Jupiter. The combination is a highly fortunate one. In one hand, Mars will make you bold, courageous, dauntless, energetic, and enthusiastic; on the other hand, Jupiter will impart high ideals, firm views, righteous nature, optimistic outlook, and benevolent disposition. Your sense of independence will be highly pronounced, and you will always resent to being placed under compliment or obligation to anyone. You will be able to carry out your plans to their successful completion fully independently, and for becoming an example in the eyes of others, you may have to sacrifice your personal interests. You will be a capable organizer, and able to effectively exercise your control over others. However, in spite of being just, owing to your severity in administration and unyielding nature, a number of people may and can still become inimically disposed to you – although they won't be able to cause you any harm. By virtue of benign Jupiter's grace, you will remain free from serious dangers of all sorts; you are also less likely to meet with accidental mishaps.

You will inherently like to behave as a person in command, and will always abhor any kind of contradiction; yet you will always wish all others to work as devoted members of 'your' team. For these reasons, some of your contemporaries may become quite jealous. You will nevertheless tend to go on your own way – as you will always be sure about your progressiveness and high motives. In your domestic sphere also, some of your close relatives may not at all like your dictatorial behavior – and some trouble and friction are almost sure to arise – particularly with your siblings or children.

You will be a respectable person in the society, and will have influential friends in high places. You will display your generosity and broadmindedness towards the people belonging to lower socio-economic strata. For your balanced views and prudent judging capacity, you will always have the innate desire for ensuring fairness done to all. You will also have a taste for literature and deep interest in study of sacred ancient classics – which will help you to develop your mental powers. You are also likely to have genuine concern for the improvement of conditions of the masses; for this, you may develop your own ideas, and try to implement them by being actively engaged in working for a cause.

Finance :

You will be beaming in enthusiasm, endowed with oratory skill and exceptional convincing ability. For all these desirable qualities, you will be a very successful promoter and a capable organizer – who can always keep the ball rolling and wheels moving. You are sure to overcome all impediments, and achieve your objectives. However, owing to over-optimism, you may not be adequately prepared to meet with the possible occasional fluctuations; you should therefore do better if you stow aside some provisions for meeting with the contingencies.

You might be prone to suffer from ailments like high blood pressure, heart disease, apoplexy, etc. You should therefore keep a close watch on your food-habits, and strictly avoid all kinds of excesses.
